

COLA SHOW 2011 CLASS DESCRIPTIONS

The fiber judge will also assess whether the fleece has been entered in the appropriate division, and, if not, will move the fleece to the appropriate division. After reviewing the number of entries, the show management may choose to further divide or combine divisions.

FLEECE PRODUCTS (\$15.00 entry)

Products should be delivered to the show registration area at the fairgrounds by 8:00 pm. Friday. Fill out and include with your Project the ILR Fleece Products Entry Tag - Form# Fleece009. You need not be present to enter but you are responsible for delivery and pick up of your fleece. Fleece not picked up will become property of COLA.

Products shall - Be done solely by the exhibitor. Entry tag attached, whenever possible, directly to the entry. The Fleece Product shall preferably be submitted in a clear plastic bag. Show Management understands if the Product does not easily fit within a bag, due to size or shape. The purpose of the bag is to keep the entry clean, keep entry tag with the entry, and still allow others to see the entry. Yarn used in entries may be handspun or commercially spun. Rovings used in entries may be hand carded or commercially carded. All entries must be at least 50% llama, exclusive of decorations. Decorative non-llama trim or accents may be added, but are not to be the primary element used in creating the fleece product.

Novice or Advanced Adult - Exhibitor will need to self-determine whether he/she is a Novice Adult or an Advanced Adult by reviewing their personal show history to identify past awards, work professionally in the craft, or have an interest in testing their skill. If the exhibitor has placed in the top three in the individual craft, they should consider themselves to be an Advanced Adult in that class.

Youth - Youth will only be judged against other youth.

Fleece Products Classes:

Knitting Item

Crochet Item

Machine Knit Item

Felted Item

Woven Item

Handspun Yarn - Skein in 2 yard skeins of at least 2 ounces, gently figure 8 tie in 4 locations, do not twist into a tight skein, may be spun with an electric spinner, spinning wheel, or drop spindle, but may not have been commercially spun.

Locker Hooking Item

Show management, with the Judge's agreement, may choose to combine Novice Adult and Advanced Adult with low numbers of entries.

COMPOSITE CLASSES - (\$5.00 entry)

The purpose of the composite award is to both award animals with exceptional conformation and fleece characteristics. Animals that have participated in both an ILR-SD approved halter class (suri, silky, classic, light-medium, medium-heavy or extreme heavy) and an ILR-SD approved Fleece-On class (coat-on, suri, single coat with crimp, single coat without crimp or double coat) are eligible to receive a composite award. In the event of a tie the halter placing will carry more value.
